

**FEDERAL HIGHWAY IS NOT PLANNED—TWENTY MILLION DOLLARS UNEMPLOYMENT RELIEF VOTE WILL BE USED TO AID PROVINCES AND MUNICIPALITIES TO GIVE JOBS TO JOBLESS**

The day in the house of commons consisted largely of a long list of questions directed to Premier R. B. Bennett. He was sponsoring a resolution calling upon parliament to set aside \$20,000,000 for unemployment relief. This brought about a barrage of questions from opposition members who wished to know how it was to be spent. The Premier, as minister of finance and representative in the commons of the Minister of Labor, took it upon himself to personally guide the resolution through the debate.

Among other things, Premier Bennett indicated there are now 117,000 persons out of work in Canada and added that the prospect was that 177,000 would be unemployed during the coming winter.

Hopes to Cut Unemployment
He expressed the opinion that the government proposals, if placed into effect, would materially reduce the number of jobless and possibly reduce the total by several thousand within a few weeks.

No Federal Highway
The government will deal directly with the provinces in its relief program affecting provinces or municipalities, the premier stated. This approach also would be followed in the

granting of one-third of the total expended by municipalities to provide relief other than unemployment. It is proposed, he said, to assist the provinces in connecting up the links in the Trans-Canada Highway but the government did not intend building a second coast-to-coast road. Assistance might be forthcoming from the federal treasury, Premier Bennett said, to provinces for the maintenance of highways connecting provinces.

Work, Not the Dole
"Work, not the dole," will be the guiding influence in the government's fight to alleviate unemployment, Premier Bennett said. The money which would be spent in accordance with the recommendations of the Employment Service Council of Canada which met in Ottawa recently. After listing the twelve recommendations, the prime minister said the proposal before the house was in the nature of a palliative, not a cure. He made no promise that through it, unemployment would be ended but he did believe it would alleviate the emergent situation.

In outlining how the government proposed to use the money which parliament would be asked to supply, the prime minister said there were certain national undertakings which, ordinarily, would not be commenced this year. Such works as wharves, docks and public buildings might be commenced at once. Municipalities wishing to borrow money for public works might be accommodated if the program were instituted promptly. All this, he believed, would provide employment for hundreds of men and create a far better general economic situation throughout Canada.

Tariff Changes to Aid
When Rt. Hon. Mackenzie King asked how the govern-

ment proposed aiding factory workers, miners, transportation workers, lumbermen and fishermen, the premier said the government had adopted one general scheme of which the present resolution was merely a part. There would be tariff changes to aid the manufacturing industry and efforts made to provide work by making it possible for Canadians to use Canadian products.

Hon. Peter Heenan, former minister of labor, requested an assurance from the government that there be no discrimination against unemployed because of political affiliations. He declared there had been rotten politics played by the Ontario government in the last election campaign, particularly in the northern part of the province.

\$820,000,000 Vote Passed
Ottawa, Sept. 12.—A resolution for a vote of \$20,000,000 to deal with the unemployment situation passed the house of commons shortly after eleven o'clock last night without division and a bill based on it was brought in.

REGULAR MEETING MACLEOD TOWN COUNCIL

The Town Council of Macleod met on Monday evening for the regular semi-monthly meeting, when there were present: Mayor J. Swinerton, Councilors C. E. Tweed, C. W. Stevens, Dr. O. F. Fanset, Alex McLeod, W. A. Day.

It was one of the longest meetings held by the council for many a day, continuing till near the midnight hour, when they adjourned to meet again on Tuesday evening. Quite a number of persons were present to interview the Council on various affairs connected with the town. J. S. Lambert was present enquiring the price of lot West of the Veterans Club on 23rd Street. Referred to Works and Property Committee to set price. Rev. J. F. Knight made enquiries re water for bowling lawn at the United Church, asking free water if possible. The reverend gentleman also spoke of giving young trees for the town square. The question of water was referred to the Water and Light Committee. Mr. Downing was present re purchase of property known as the Scheer property, 8 North 23 East, offering \$1000.00 property on 17th Street as part payment. The West 40 ft. of lot 11 South side 19th Street, West, was sold to W. H. McNab for \$10.00, purchaser to pay cost of transfer.

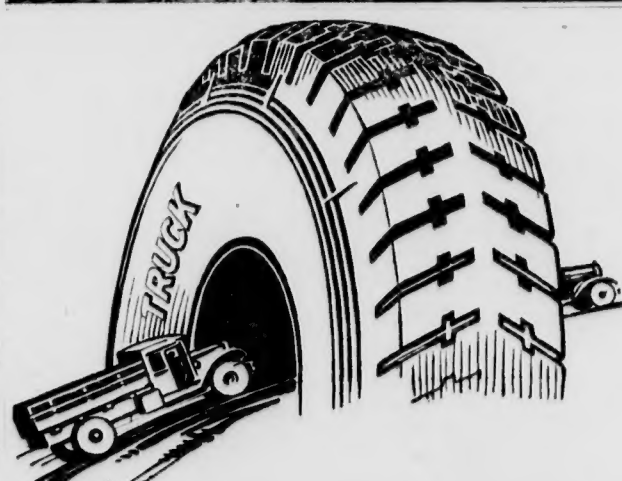

**Good Boy!**

And well he might give thanks for the change Nestlé's Evaporated Milk has made in him! Used to be cranky—sickly—just didn't progress. Now all this is changed. Bright, alert and happy.

And here's the reason! Nestlé's Evaporated Milk is just the best of fresh cow's milk with part of the water removed—then sealed and sterilized in airtight containers. Add water again and you have absolutely pure, safe milk—but more readily digestible than ordinary milk because the large fat globules of the milk have been broken up into small ones of the same size as in Mother's milk. Also, the goodness found in the stomach when Nestlé's Evaporated Milk is used are soft and flaky and therefore easily digestible.

Use Nestlé's Evaporated Milk for Your Baby. Use it in coffee—in cocoa—in tea. Use it in all cooking and as a beverage by diluting with one to two parts water.

NESTLÉ'S
EVAPORATED
(Unsweetened)
MILK

FORMER MOUNTIE ENDS HIS OWN LIFE—GEORGE BELL, ONCE STATIONED AT MACLEOD, HANGS HIMSELF

Macleod, Sept. 11.—The following announcement from a Toronto newspaper was received in Macleod today, and will be of interest to many in Macleod and Lethbridge where the deceased was well known, having served for many years in Macleod and Lethbridge as a member of the North West Mounted Police:

"Agincourt, Ont., Sept. 2.—Hanging from a rope attached to a tree in his garden, the body of George Bell, aged 47, who operated a barber shop, was found by his sister early Sunday morning.

"Mr. Bell, who was single, retired to bed Saturday night, and early Sunday morning his sister, Mrs. A. Robinson, with whom he resided, was awakened by noise. She entered her brother's room and, not finding him there, commenced a survey of the house. Entering the garden she made the gruesome find and at once notified the police and coroner.

"Mr. Bell, who had been feeling despondent, was at one time a member of the Northwest Mounted Police. He was a member of the Agincourt Masonic Lodge, and a popular member of Scarborough Lodge, I. O. F. Dr. C. D. Farquharson, coroner, decided that no inquest will be held. The funeral will take place on Wednesday, interment being at St. Andrew's cemetery, Bendale.

That lot 32 North 21 Street West, by reserved for Fred Theilwis on condition that he put a building on same and makes building modern. Title to be given when building complete. Mr. Theilwis to pay costs of transfer.

The usual monthly accounts accepted by the Finance Committee were passed for payment.

Letter from the C. P. R. accepting offer from the town to purchase 19 acres of land, being part of the old right-of-way at Haneyville.

Dr. W. R. Haig, Medical Health Officer, in his report for August stated that there had been one case of scarlet fever during the month.

Arrangements were completed with the Department of Municipal Affairs re application of Mrs. Barr for assistance for her crippled boy, the Department to pay one third, Bright Municipality one third and the town one third of the expense.

A building permit applied for by the Palace Cafe for extensions on the building lately occupied by G. H. Scourall, to cost \$5,000.00, was approved and passed.

A building permit was granted to Geo. Sheffield to extend his garage on 2nd Ave. and to extend crossing on side walk, the town to do the work on the side-walk.

THIRD RACE ENDS WHEN SHAMROCK'S MAINSAIL CRASHES TO THE DECK

U.S.S. Kane, Off America's Cup Course, Sept. 17.—(By Radio to the Associated Press)—Shamrock V's mainsail, billowed down to her deck at 11:25 and it appeared that the block had carried away. This would end the race. Enterprise came about when she saw the mishap to Shamrock.

TO DRILL AGAIN

(High River Times)

At the annual meeting of the High River Oils, it was announced that negotiations were under way for a merger with two Eastern companies who may put cash and acreage into consolidation with the High River Oils, but retaining that name.

The Easterners have already agreed to put up sufficient cash to resume operations at the company well at High River. The well is now at a depth of 269 feet.

Joseph Guest of Calgary was elected president; J. E. Rogers of Victoria, vice-president; C. C. Walker, managing director; G. E. Gell, secretary-treasurer.

J. E. Rogers, of Victoria, B. C., elected vice-president of the High River Oils, was for many years a resident of Macleod. Where he operated an areated water and soft drinks factory on the corner of 4th Ave. and 22nd Street.

"What do you do behind the glass cage at the bank?"
"Oh, that's telling!"—Christian Science Monitor.

Current Attractions**

**MUSIC AND TECHNICOLOR
ADD TO CHARM OF
SPLendid COMEDY
DIPLOMA WITH JACK MULHALL—MONDAY AND TUESDAY**

Hollywood with all its foibles, heart-breaks, tinsel and comedy is pictured by those who live there in "Show Girl in Hollywood," a highly amusing and often thrilling comedy drama of Fildom's capital. This First National picture, handsomely embellished with humor and with certain scenes in Technicolor, opens Monday at the Empress Theatre.

In this picture Hollywood pokes fun at itself, raises hearty laughs at its own expense, and opens the studio gates for a long peep at how movies are made. One of the most interesting parts shows the actual filming of a picture in Technicolor.

Hollywood has, in past pictures of itself, somehow lacked the ability to show itself interesting to laymen. But Mervyn LeRoy, director of "Show Girl in Hollywood," has captured the knack of making the cinema city as fascinating in a movie as it is in reality. He has done a wonderful piece of direction.

There is just the right amount of music and color in the story to add to the drama. Don't miss this, as it is one of the highlights of the movie year.

"FLIGHT" IS CLASSIC OF AVIATION FILMS—PICTURE IS REplete WITH DARING ACTION AND THRILLING MOMENTS—25th, 26th and 27th—

A Roadshow attraction that will establish new records is "Flight," the Columbia all-talking aviation film. With Jack Holt, Lila Lee and Ralph Frank R. Capra directed. Graves in the leading roles.

It is the classic of the screen's air dramas. A powerful story of love and honor in the lives of two buddies in the flying division of the United States Marine Corps, it is replete with daring action and thrilling moments. The love interest running through the breath-taking situations is vivid and realistic. The close-ups taken above the clouds are awe-inspiring. This all-talking sensation is by far the best aviation picture yet produced. Don't miss it. 25th, 26th and 27th.

IN "THE VAGABOND KING" DENNIS KING'S GOLDEN VOICE SWEEPS HEARERS INTO ECSTASIES—FRIDAY AND SATURDAY

When a stage production is rendered upon the audible screen it is natural to draw a comparison. But is the case of "The Vagabond King" a comparison is a paltry means of expressing the glamorous wonderment of this marvelous screen version.

In fact, the film adaptation is so far superior in thrills and sheer beauty that there is no comparing it with the original, beautiful as the original was.

Dennis King, as the master of the sword, the leader of the ragged army of the re-emerging of the captor of a princess' heart, leaps into the very front rank of romantic actor-singers of the cinema in his gorgeous portrayal of Francois Villon, the poet-hero of "The Vagabond King."

Here is a picture so bewilderingly wonderful, what with its gorgeous Technicolor treatment throughout, its powerful plot, stupendous sets, breath-taking action, romantic glamour and musical richness both in the singing and orchestral departments, that a poor critic, abetted merely by the meagreness of the printed word, cannot even begin to tell you how "swell" it all is. All he can tell you is, go see it—three or four times.

DEFENDER LEADS ALL WAY, SATURDAY RACE

U. S. S. Kane, Off America's Cup Course, Sept. 13.—(By Radio to the Associated Press)

The white sparrow defender led the green hulled challenger over the entire thirty-mile leeward-windward course. Enterprise crossed the finish line at 4:57:50 as whistles of the spectator fleet rent the air.

Shamrock crossed the line at 5:00:30. Enterprise elapsed time for the thirty-mile course was four hours, two minutes and fifty seconds.

Start of the Race

U.S.S. Kane, Off America's Cup Course, Sept. 13.—(By Radio to the Associated Press)—The tug boat carrying the committee in charge of the race put out shortly after 11:30 a. m. (E.S.T.) to set the buoys. Almost at the same time the Enterprise, defender, started moving toward the starting line under tow.

The wind was still in the east and visibility was poor.

The warning signal, which means the boats must start within ten minutes, was sounded at 11:45.

A signal was hoisted setting the course to leeward, 15 miles and return.

With the wind in the east that meant a course westward from the starting line.

Both racing yachts set main sails immediately when the warning signal was sounded and rode side by side, awaiting the starting whistle.

Patrol boats cleared the course.

Cheers for Lipton

The steamship, City of Lowell, loaded with spectators came up to see the race, steamed past Sir Thomas' yacht. The passengers lined the rails and gave the 81-year-old Irish sportsman a rousing cheer.

Sir Thomas came to the rail and waved his acknowledgment.

SHAMROCK V. TRAILS TEN MINUTES AFTER THIRTY MILE BRUSH

U.S.S. Kane, Off America's Cup Course, Sept. 15.—(By Radio to the Associated Press)—The Enterprise, a slim white ghost in billowing robes, today proved her superiority for the second time over Sir Thomas Lipton's Shamrock V. and won the second race for the America's cup by a margin of almost ten minutes.

First away from the starting line, the American defender led at every marker, gradually increasing her margin until at the finish she was almost three miles in the lead.

The Enterprise took a lead that in the first 15 minutes enabled her to cross the bow of the challenger and on the long beat to windward to the first turning marker, she stayed in the strategic position to windward.

The chart of the race showed Enterprise leading by six minutes, fifty seconds at the first turn, by nine minutes ten seconds at the twenty-mile mark and by nine minutes, 49 seconds at the finish.

The race started in a light mist and ended in a dense haze, but for the most of the way there was a bright sun shining and a ten knot breeze blowing.

MACLEOD WOMEN'S INSTITUTE HELD INTERESTING MEETING

There was a large and interested number of members and visitors present at the first meeting of the season of the Macleod Women's Institute held in the Parish Hall on Tuesday, Sept. 16th. Mrs. O. F. Fanset, president, presided over the business part of the meeting and Mrs. F. A. Adams, convener of the programme.

Arrangements were made for the Macleod and Claresholm Constituency Conference to be held in Macleod on September 30th. It was also decided to hold a card party and dance early in October. After Roll Call and community singing, Mrs. R. Vise gave several violin solos accompanied by Mrs. C. G. Hout, which were greatly enjoyed by all present.

Mrs. Margaret Somerville McDonald gave a most interesting address on "The Menace of Russia," explaining in a very comprehensive way the terrible conditions in Russia today and how they may affect the rest of the world. It is such a kind of natural resources, but it is completely controlled by a communistic government. Mrs. McDonald pointed out what the vagabonds of war would be with Paris and the captor of a country. She also spoke of the soviet Coal and wheat situation and urged the women present to follow the press from day to day and in this way we could learn more of the deplorable condition of that country. In closing she hoped that there would be some way freshments were served by Mrs. F. A. Adams, Mrs. James

MRS. HOLLANDER OF SAN FRANCISCO, KILLED IN CRASH NEAR CARDSTON—COUPE OVERTURNS AS RESULT OF FLAT TIRE AND WOMAN'S NECK IS BROKEN AND SKULL FRACTURED

Cardston, Sept. 16.—A woman tourist from San Francisco, Cal., was instantly killed in an automobile accident 15 miles north of Cardston on the Blue Trail last evening about five o'clock. She was Mrs. Herman Hollander, 1834 Fulton street, San Francisco, and she was travelling with her husband to Lethbridge, thence on to Bardett to visit an uncle, Robert Collins.

Mrs. Hollander, physicians found, sustained a broken neck and a fracture of the skull and death is believed to have been instantaneous. Her husband, who was at the wheel of the Chevrolet coupe when the accident happened, is suffering from a deep cut on the leg above the knee and bruises. He is in the Cardston hospital.

Not Travelling Fast

John Burgess and his son and Henry Blackwater, a Blood Indian, operating a combine in a nearby wheat field, heard the cries for help from the man following the accident and rushed to render assistance. They say the machine was travelling at a reasonable rate of speed but suddenly swerved, turning completely over in the ditch. The woman, they state, was hurled through the top of the car and after the car had alighted on its wheels in the ditch the man crawled out of the top and went to the aid of his wife.

Mr. Hollander told the police one of his rear tires went soft, the machine began to zig-zag and left the grade, turning completely over before he could control it.

Ringland and Mrs. O. F. Fanset.

THURSDAY, SEPT. 18th, 1930

WHAT CAUSES REVOLUTION?

Last week found three more countries floundering in the morass of revolution or near-revolution. Unrest is rife in Brazil; Peru is still on the verge of upheaval; Argentina is in the throes of actual revolution.

What causes revolution? What brought about the upset of established government in France, in Russia, in Turkey? What is prolonging civil war in China?

Revolution seems to follow,

almost inevitably, on the heels of economic collapse. What will happen in Australia if those budgets refuse to balance? Where is that fine country heading? The fact that England has offered to play fair godmother to the Australian Government to the extent of \$25,000,000 does not change the fundamental fact of the economic ailment that prevents Australia from balancing her budget.

The point is that the whole world is laboring under a break-down in the economic system.

The silver countries, or three-fourths of the two billion people that live on this earth, have been deprived of their purchasing power. They want goods, but they have no world credit, nor metallic money nor monetary tokens to purchase goods. The other quarter of the world's population has all the gold and all the credit, and is piling up huge surpluses of every kind of commodity to eat and wear and use because our international bankers cannot devise a way to extend the silver countries credit or coin.

The monetary system and the economic system have failed to provide facilities for all nations of the world to trade together in a manner that will promote prosperity for everybody.

Argentina is tied up with

huge quantities of wheat. Brazil is the victim of coffee over-production. And so, under economic stress, revolution touches these countries as it is touching countries in all parts of the world.

What is needed today is international co-operation by world leaders or the League of Nations towards some plan that will revise the monetary and economic systems to the point of providing a decent living for every man, woman and child on earth.

SOONER OR LATER

H. L. Mencken, that cynical great who for the past twenty years has thrown colorful verbal darts at all the modern including matrimony, has been caught at last.

He was married the other day to Miss Sara Powell Haardt in the Church of St. Stephen the Martyr.

For Mr. Mencken's sake, let us charitably hope that there is nothing ominous in the church's name. But with all our charity, we must recognize the fact that the gentleman must do some kind of penance for his past sins.

In the dark days of the church, it was customary to convert a heretic, if possible, before sending him to the stake. Mr. Mencken, therefore, may have accepted the conventions. But he cannot escape punishment for his years of mockery at them.

We are not suggesting that Mr. Mencken be fried alive for his past cynicism. But we know in our hearts that the present Mrs. Mencken in moments of domestic stress will not forget lightly the many gibes that her spouse has taken at womanhood during his unregenerate days.

No matter what love there is between them, he has delivered himself into the hands of his enemy. And may whatever gods he worships have mercy on his hypercritical soul.

500,000 MORE AUTO-MOBILES

John N. Willys, automobile manufacturer, says that the American automobile industry will produce 500,000 more automobiles this year than it produced last year.

If he is correct, doubts about North America's quick resumption of a busy and prosperous business condition ought to come to an end at once.

The automobile trade seems to be a barometer of business conditions for the whole continent; when it thrives, business everywhere thrives, and when it slumps the effects are widespread.

A word of caution might be in order, however.

An automobile output of the size predicted by Mr. Willys might come perilously close to the edge of serious over-production—which, in turn, might bring on a catastrophic slump for 1931.

ANOTHER WAY?

Prof. C. D. Burns of the University of Glasgow, tells Canadians that Europe today is in the same position it was in 1909—preparing for a war. The war, he thinks, will come along between 1935 and 1940.

It is a safe bet that in every country there is an overwhelming sentiment against war. But, by 1935, a new generation will be ready to fight. It will know nothing of the imbecilities and cruelties of the last war.

It is a sad criticism of humanity that, periodically it engages in something it knows to be wrong and which it almost universally hates.

FINDING A 'GOAT'

In various parts of the country imaginative persons have been blaming radio for the drought. Some of them have even written to various government bureaus about it and the bureaus have solemnly replied.

In former years radio has been blamed for torrential rains, heavy snowfalls and cyclones.

When the weather hurts it, humanity always casts around for a goat. In bygone days the wrath of the gods was blamed. Today, it's radio. Tomorrow, it will be something else.

COVER THE CANES

Much of the annual winter loss to raspberry plants can be avoided by proper care in protecting them from frost. Horticultural experts of the Dominion Department of Agriculture advise bending the canes over and covering them with sufficient earth to hold them down. As a two-man job this is easily and quickly done at little labour cost. While one gathers the canes and bends them gently to the ground with a fork the other applies sufficient earth to hold them firmly to the ground. On the prairies the best results are obtained when the canes are entirely covered with soil; most of this type of covering can be done by horse labour—hence the desirability of having rows about eight feet apart.

Eat for Pleasure And Vitamins, Too

BY EDWINA NOLAN
Director of Home Service, General Electric Refrigeration Department

MEALS must have appetite appeal.

Otherwise they become monotonous and no amount of coaxing can induce the family to eat with enjoyment what does not appeal to the appetite.

Eating for pleasure is important and meals should have two things beside food value: variety and eye appeal. There must be variety as to flavor, color and texture of the food served; and the food must be attractive to look at. Pleasure in eating is an aid to digestion.

Here are a few ways in which variety and attractiveness may be added to a meal:

ONE: Add interest to a menu of all soft foods by serving chilled celery, crisp lettuce salad, young tender radishes or cold slaw.

TWO: Add variety to a bland meal by providing a sharp contrast in flavor like a tart currant or gooseberry jelly, or a canape of some highly seasoned food, which can be kept in the electric refrigerator ready to be prepared at a minute's notice.

THREE: Add attractiveness, when most of the food is to be rather colorless, by choosing a bright vegetable, such as beets, tomatoes, carrots or greens. Or use garnishes of fresh parsley, green pepper rings, water cress or pimiento. These keep fresh and crisp with adequate refrigeration facilities.

FOUR: Make certain that food which should be cold is served cold, such as salad greens, molded salads, gelatin desserts, fruit cocktails, relishes—olives, celery, radishes.

FIVE: Take special care in re-vamping leftovers that they do not resemble too closely the dish from which they originated.

"THE TIMES"

HEALTH SERVICE OF THE CANADIAN MEDICAL ASSOCIATION — "ANYTHING WRONG WITH ME?"

If they were to be asked the question, the majority of people would reply, "There is nothing wrong with me." Yet we know that although this answer would be an honest expression of opinion, it would, in many cases, be far from the truth. By this, we mean that many people have something wrong with them without their knowing it, and that trouble often takes possession without announcing its arrival.

Admittedly we should all be able to say "There is nothing wrong with me," but we should be able to say it with an assurance of its being true. It may be true, but we do not know whether it is or not unless we have had a health examination.

Why is it that when it is common knowledge that all machines require supervision and regular checking up to keep them running smoothly and to prolong their usefulness, there is utter disregard of the need for any such supervision of the body machines?

It is surprising how many successful business men seem to imagine that, because they have accumulated wealth, their bodies are in some way different, and who act as if they were in some way immune to the ills that befall.

It would seem that as health is such an evident asset, it would not be necessary to point out to any person the fact that it is. It might be expected that the man who is successful in business would make at least a fair success of living, and yet we know that this is not the case with many men and women.

We are not suggesting that the right way to live is to cultivate a state of mind that considers nothing but possibilities of illness; that would indeed be anything but desirable. We do state emphatically however, that the art of healthy living is the most important business responsibility we have.

Based on this understanding, we recommend that the periodic health examination is a simple and desirable routine which should be practiced by everyone. Periodic health examination is a good habit; it is good business. Ignorance is always expensive, if not dangerous. Ignorance as to the condition of your body simply leads you to cheat yourself by depriving yourself of the care you may need.

The enemies to health can mostly all be overcome. Disease when treated early can usually be cured. The best way to accomplish this is by the periodic health examination.

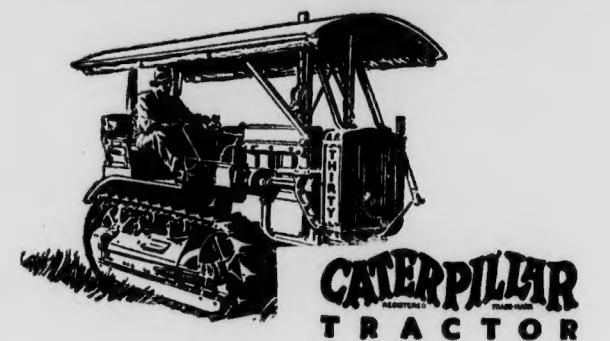

Questions concerning Health addressed to the Canadian Medical Association, 184 College Street, Toronto, will be answered personally by letter.

A NATIONAL MARK

The use of a national mark for identifying the quality of meats and farm products in Great Britain is proving very satisfactory, states the current report of the British Ministry of Agriculture. The Red and Blue brands on beef are the national marks of quality in Canada. The Beef Grading Service of the Dominion Department of Agriculture establishes the quality of beef and marks it with an official brand for the protection and convenience of the consumer. In buying beef one should order by grade—Choice or Good—and watch for the brand mark—Red or Blue. You will enjoy eating Graded Beef.

CATERPILLAR

Subsoiling Saves Winter Moistures

Let the first snows sink into the seed beds instead of forming a frozen crust. Subsoiling lets the surface moisture penetrate deeper to build up a reserve for your next year's crops. It's a job that needs abundant power—CATERPILLAR TRACTORS have that power. They'll do the job easily, cheaply and well.

GRANUM LOCAL NEWS

Mr. Kenneth Blair left Sunday for Vancouver to attend University.

Born—To Mr. and Mrs. Algot Ostrom, Monday, Sept. 15th—a daughter.

L. Blair and Mrs. Geo. Blair were Granum visitors a few days last week.

George Fitzpatrick, of Ottawa, is visiting at the home of his son, D. Fitzpatrick.

Miss Lois Little, who is teaching at Caley, spent the weekend at her home in Granum.

Mr. and Mrs. D. M. Leyden and family left on Monday for Calgary where they will reside in the future.

W. B. Rogers and daughter Miss Jean Rogers and Miss Eileen Boyle were Calgary visitors Tuesday.

Gordon Blair, son of Mr. and Mrs. James Blair, left last Thursday for Vancouver to attend University.

Mrs. A. S. Peebles entertained at afternoon tea in honor of Mrs. W. Cochrane, of Calgary on Friday, Sept. 5th.

The United Church Ladies' Aid will meet at the home of Mrs. Russell Smith, Thursday afternoon, Sept. 26th.

Mr. and Mrs. Alvin Bates and children are guests at the home of Mrs. Bates parents, Mr. and Mrs. C. G. Marsh.

Mr. and Mrs. James Blair and Mrs. J. Ellis were dinner guests Tuesday at the home of Rev. and Mrs. A. H. Rowe.

Mr. McCoy formerly of Granum, has been visiting the town and community, and is looking after his farming interests here.

Mr. and Mrs. F. Empey motored to Lethbridge Monday evening to visit at the home of the latter's parents Mr. and Mrs. Robertson.

Eli Embysky and Mr. and Mrs. Walter Embysky and son, of Pendleton, Oregon, are guests at the home of Mrs. Tom Naraka for a short time.

Many people may not be aware of the fact but perhaps the finest crops in Western Canada this year are being threshed right here among us. From the Granum-Woodhouse community have gone several cars of No. one hard, and while weeds were a trouble this year, there is a great deal of beautiful grain being threshed and

shipped from our district. The price is too low, but the quality and yield are of the best, on the whole.

Mrs. T. Blair and Laurance Blair of Calgary were in Granum visiting the James Blair and W. Blair families. They returned Saturday.

Mr. and Mrs. R. F. Smith and daughter Betty and R. F. Smith's uncle from the Eastern States, were dinner guests at the G. Fletcher home Sunday.

The Official Board of the United Church will convene in regular session on Thursday evening, October 2nd at 8 o'clock.

Mrs. Ellis who has been the guest of Mrs. James Blair for a few days left Tuesday for the Hills where she will be the guest of Mrs. McDougall, for a few days.

Mr. and Mrs. J. Shapter and daughter Kathleen were guests at the home of Mr. and Mrs. C. Henker. Mrs. Shapter and daughter are remaining at their home for a few weeks.

Miss Annie Peppers, of Edmonton, after spending her holidays at the home of her uncle, B. Baird, returned to the Northern City Sunday. Mr. Baird accompanied her as far as Calgary.

While Principal Gidson of the Granum Schools is at the Provincial University for a few days, his place on the staff is being filled by Miss Stephenson of Granum, who is now entering her final year at the U. of A.

At Starland Theater Friday and Saturday this week "Dames Ahoy" with Glen Tryon, Otis Harlan, Gertrude Astor, Helen Wright, Eddie Gribbon and a big supporting cast—All Talking. Also All Talking Comedy "She's a He" Usual Admission.

Tentative arrangements have been entered into for an illustrated lecture by Rev. J. H. Garden, B.A., B.D., of Calgary in the United Church, Granum on October 13th, Monday, on the subject, "Here and There in Bonny Scotland." Being Scotch, Mr. Garden is full of his subject. Full announcement will be made later.

At 11 o'clock next Sunday morning will be the Training and Worship Hour in the United Church, when the Bible Class will discuss "Jonah, and His Message for Us." There are classes for every age led by competent and consecrated leaders. In the evening public worship beginning at 7:30 the Minister will continue a series of studies on "The Mind of Christ and Modern Living" and will discuss the theme—"Un-suspected Foes." The Master declared "A Man's Foes Shall be They of His Own Household." That is a fact of all contemporary life. It is positive that we shall become able for the crisis of the present if, Rally Day, and there will be a

SEE . . .
-AND PLAY SAFE-

The old way of choosing children's shoes was to buy what seemed to fit. Perhaps they fitted perfectly, perhaps not. But once growing bones were bent the damage was done. Often, too late, it was found the shoes did not fit—that they cramped toes—distorted feet—and did permanent injury.

Now Jack and Jill try on shoes with windows in them enable you to see exactly how little feet fit into the shoes.

VISIBLE FITTING
The visible system of fitting Jack and Jill shoes has taken away the "perhaps" Now SEE and play safe.

and when we learn what foes are crippling our endeavours for a Christian order of life.

Pale yellow cosmos and tall yellow tapers made an attractive color note on the tea table Saturday afternoon when Mrs. E. M. Clarke entertained about 50 guests in honor of Mrs. D. M. Leyden, who leaves shortly to live in Calgary. Miss Pauline Clarke admitted the guests, who were received by the hostess and Mrs. D. M. Leyden, and later invited into the dining room by Mrs. J. Ellis. Mrs. Jas. Blair and Mrs. Stephenson poured tea the first hour, and Mrs. C. Reynolds and Mrs. W. Blair, from four to five; Mrs. R. A. Macleod and Mrs. A. Rowe from five to six. Mrs. J. Clarke, Miss Dorothy Smith and Miss Marion Clarke, assisted at the tea table.

A meeting of the Board of Management of the Granum United Church School was held on Monday evening at the home of Mr. and Mrs. James Blair, when preparations were made for the Rally Day promotions of the School. There are to be new Lesson Courses and new Lesson Helps beginning with the first of October. These will be All-Canadian, and samples were on hand for the meeting. It is hoped to have all members, or intending members of the School in their places on Rally Sunday when the new lesson helps will be distributed. Also there will be the members of the Class presenting the largest proportionate increase in enrolment on for the crisis of the present if, Rally Day, and there will be a

The Rev. E. Barnes, Granum Pastor, Resigns Charge

The regular six, monthly meeting of the Presbytery of Macleod was held on Wednesday afternoon of last week in the Presbyterian church, Granum, and despite the unfavorable weather, every congregation within the bounds of the Presbytery was represented.

Reports from the various committees showed progress all along the line. Two students have been working in the Presbytery during the summer months and both did excellent work. The Staff-Off mission was ministered to by M. McMillan, a student from Toronto University and Knox College, who gave very acceptable service. Mr. Greig, a student from Princeton College, was engaged in survey work in outlying fields and was successful in opening a number of Sunday Schools.

The Rev. E. Barnes, who has been minister of the Presbyterian Church, Granum and Jumbo Valley, for the past five years, intimated to the Presbytery that he had received an appointment up north where he has many friends, and consequently tendered his resignation of the Granum charge.

The election of officers for the ensuing year were as follows: Moderator, Rev. W. E. Kelley, M.A., B.D., Lethbridge; clerk, Rev. A. Ferguson, M.A., Macleod; treasurer, M. R. Matheson, Granum. The next meeting will be held in Lethbridge the 2nd Wednesday in March.

POT LUCK LUNCH WEDNESDAY, SEPT 24th, 6 TO 9 p. m.

Did you ever hear of a pot-luck lunch—in Granum? No! Well you've missed a treat, for there's lots to eat at a banquet made for you, come one and all—bring your quarter too. To assist the local W. C. T. U.

CARD OF THANKS

Mrs. C. F. Dimm and family wish to express their heart-felt thanks for the numerous expressions of sympathy and floral tributes, received in their recent sad bereavement, occasioned by the passing of the late Charles F. Dimm. Also the many friends for their kindness during his last illness.

ON TIME

Now that the school calls at 9 o'clock every morning, in many a home both city and country, there is a grand and glorious scramble and rush to get the children off on time.

Some boys and girls never do acquire that most valuable of habits—punctuality—and they go through life trying to catch up and never getting there. Looking at lateness from the point of view of the teacher and classroom, it is one of the unpleasant and unpardonable annoyances that take the joy out of the day.

Looking at it from a health standpoint the child with his breakfast bolted and his appetite unsatisfied makes a poor pupil. He starts the day handicapped.

The remedy is a simple one and holds the secret of a life's success. Examine a set of rules of the health game of the Junior Red Cross and it will be seen that one refers to sleep-

souvenir for everyone present on that day, Sept. 28th. A fine programme of worship is in preparation and an invitation is extended to all to be present.

On Monday last at Calgary the Provincial Police arrested Ronald Gates and Arnold M. Armour charging them with theft of goods from W. B. Rogers' Store, Granum. It is claimed that \$300.00 worth of the \$1500.00 in goods lately lost by W. B. Rogers was found in the arrested men's possession. The suspects were taken to Macleod Wednesday to stand trial.

Precautions have been very fully taken with regard to the outbreak of what is believed to be diphtheria at Woodhouse. There is no serious illness now, although a girl at the Korth home is rather poorly, and Mr. Carroll who has been employed by Mr. Weatherhead, has been quite ill. We understand that a swab has been sent for examination to Edmonton, and Drs. Carroll and Cohen are to be congratulated upon so prompt and thorough measures in dealing with the outbreak. Mr. H. Hodge has also been suffering a good deal, he having been quarantined while working with the threshing outfit at Mr. Tom Syme's farm. In the meantime the school north of Woodhouse has been closed until further orders, and we are glad to know that there is no apparently dangerous illness.

Mrs. Ellis wishes to dispose of her Martin Orme piano, in first-class condition, phone 20.

R. W. Jell will offer for sale by public auction the household effects of Rev. E. Barnes on Saturday, Sept. 27th at the Barnes' residence commencing at 2 p. m. Terms Cash—No Reserve.

REV. E. BARNES, GRANUM PASTOR, RESIGNS CHARGE

Did This Ever Happen to You?

READ WHAT EDMUND ENGLISH FOUND OUT ABOUT G. W. G. STOP-LOSS POCKET OVERALLS

Here is his letter.

Poet, Alberta, May 9, 1930
The Great Western Garment Co., Edmonton, Alberta.

Dear Sirs:
I am writing to tell you how your G.W.G. Overalls have saved me time, money and worry since I have been wearing them.

I can recall not many years ago I wore as well as all the rest of my farmer neighbors, just the ordinary everyday brand of overalls. Whenever any of them saw me buying a new pair of pants, they would say, "I am always losing my pants out of my pocket too." We all agreed that there were men more pants lost than worn out.

Last Fall I helped operate a combined harvester, and carried with me all the time a six-inch crescent wrench as well as a pair of pliers, carrying both in the stop-loss pocket on the right leg of a pair of G.W.G. overalls. I didn't lose either one all fall, and when working around a combine a man is in fifty different positions every day. A fellow can tighten almost any bolt with a wrench and a pair of pliers, so when I could carry both right with me, without any danger of them slipping out of my pocket, I saved time and consequently made more money.

In the summer-time I just wear one pair of overalls and so have to carry my wrench in the waist pocket of the overalls. I always used a safety pin to keep the wrench pocket closed until I got my first pair of G.W.G. Stop-Loss pocket overalls. I have never had my wrench slip out of that pocket yet, but when a fellow wants it out, he can easily take it out.

G.W.G. overalls are going to be my overalls from now on, the tools I buy to carry with me will be with me when I want them.

Yours truly,
EDMUND ENGLISH

G.W.G. Union Made Overalls—Shirts—Pants—Mackinaws and Leather Jackets for men and boys are obtainable from most good stores. If your dealer cannot supply you write direct to the Great Western Garment Company, Limited, Edmonton, Alberta giving his name.

MCCORMICK-DEERING NEWS

"Good equipment makes a good farmer better" Published by C. E. TWEED The Farm Equipment Man House Phone 41 Office Phone 157

"I lost one hundred and seventy pounds since I last saw you."
"How so?"
"My husband left me."

You know that automobiles were never really successful until they got away from the plain bearings, such as were used in the old buggy wheels, and adopted ball bearings, which would stand the higher speeds and harder service. Trouble with high-grade ball bearings is practically negligible, so that they are far cheaper in the long run, though they cost more in the first place. That's why McCormick-Deering Tractors have them on their big crankshafts—they last for years with no adjustments or attention whatever.

If you don't think co-operation is necessary, watch what happens to a wagon if one wheel comes off.

You know, of course, the prominent part the power take-off is playing these days, driving binders, corn pickers, sprayers, etc., but do you know that McCormick-Deering were the first tractors to be equipped with this highly useful and valuable device? On them it is not an attachment—an after-thought—but was provided for in the drafting room, before the first experimental machine was built, and every McCormick-Deering Tractor, old or new, has facilities for attaching a power take-off, right where a take-off should be to permit easy hitching, turning, etc.

Did you know that all McCormick-Deering Tractor engines have removable cylinder sleeves made of exceptionally hard cast iron of uniform thickness, making it possible to replace one or all of them in three or four hours, at a cost far below that of a re-boring job, which construction means a longer-lived tractor with low repair charges?

"Well," reported the new salesman, swinging jauntily into the home office, "got two orders from Hardnut & Company today."

"Fine, fine!" exclaimed the sales manager enthusiastically.

"Yup. One to get out and the other to stay out."

You knew that an accurate governor on a tractor engine was essential for satisfactory operation on drawbar as well as on belt work, but did you know that present models of McCormick-Deering Tractors have governors with all working parts entirely enclosed and with all joints thoroughly oiled, thus insuring even-running at all times with practically no attention?

THE WHITE HALL

Macleod Local and Personal News

Jos. Hicks, barrister, of the head, and both car and Champion, was in Macleod this truck were badly smashed. week on legal business.

The report of the Stand Off Women's Institute meeting did not reach this office in time for publication this week—it will appear next issue.

Born—To Mr. and Mrs. F. E. Westhaver, 22nd St., Macleod, on Monday, Sept. 15th, a son.

Al West, Jim Kirkland, Geo. Chugg and F. Tatham bagged 90 ducks on Monday 23 miles South of Macleod.

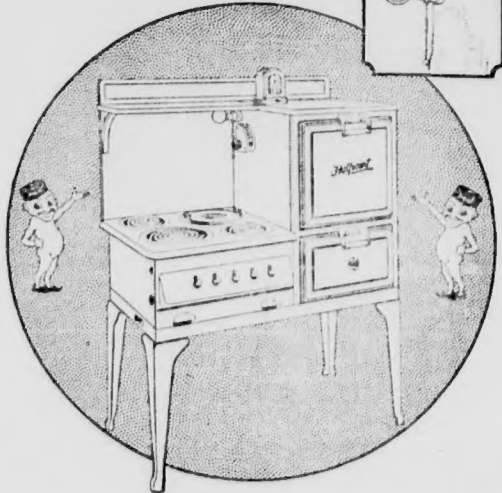

Miss Pearl Hart, of Vancouver, formerly of Macleod, arrived in Macleod on Monday night on a visit to her sister, Mrs. George Krouse.

What might have been a serious accident occurred on the highway south of Macleod on Monday afternoon, when J. C. McEwan, farmer, Hazel, was returning home with his empty truck and was run into by H. G. Murray, of Chicago, with a Ford coupe. Mrs. Murray, who was in the coupe, received a bad cut on

Mrs. R. J. E. Gardiner, Mrs. Oscar Bridgeman and Master Oscar, Junior left on Wednesday afternoon for a holiday visit to Calgary and Banff.

Mrs. Ben Rands, a well known resident of Macleod and District, for many years arrived in here on Monday night from England (where she has been residing for the past few years), on a holiday visit to friends and relatives in Alberta. She is accompanied by her late husband's brother, William Rands, who is visiting Alberta for the first time. While in Macleod the visitors

Now—an Illuminated Cooking Top

—no more standing in your own light!

EVEN if your range must be set in the dimmest corner of the kitchen, you can always have plenty of light.

For the new Hotpoint Hi-Speed Range now has a sixth exclusive feature—the Illuminated Cooking Top. Just switch on the lamp conveniently located under the warming shelf, and immediately you flood the cooking top with light.

Only on Hotpoint will you find Hi-Speed Elements, Super Automatic Oven Control, sturdy All-Steel Construction, Stain-Resisting Enamel Finish, and the Economy Cooker.

Choose from a wide variety of models, and take advantage of Hotpoint's convenient terms.

are the guests of Mr. and Mrs. Richard Gillespie, 17th Street Scotia.

Mr. and Mrs. Percy Shaw of Calgary arrived in Macleod on Monday, Mr. Shaw going on to Lethbridge, while Mrs. Shaw is remaining in Macleod for a few days as the guest of Mrs. R. J. E. Gardiner.

Rev. E. Barnes and Mrs. Barnes, Granum, were visitors in Macleod on Monday. Mr. Barnes leaves Granum at the end of the month for Edmonton, where he has received a call to McQueen Church.

Captain Jack Lee and Mrs. Lee, of Edmonton, were week-end visitors in Macleod at the home of Mrs. Lee's brother, A. F. Grady. They have been visiting Alberta's Parks and returned via the Windermere route and Banff to the Capitol.

Harry Winchcombe, N. McNab, N. Nicholson, J. Grier, Gordon Stewart, Andy Noel and Cy McGladdery had great luck duck shooting south of Raymond on Monday, bagging 30 ducks apiece—the limit. The party reports good shooting and an elegant holiday.

In publishing the departmental exam results for Macleod High and Public Schools on Sept. 14th the name of Miss Mable Brewster was omitted from the list of those who passed from grade IX. to X. Miss Brewster passed with a high percentage in all subjects.

H. W. Bright, Secretary-Treasurer of Bright Municipalities, left on Monday morning for Calgary to attend the annual meeting of the Municipal Hail Board, for the purpose of setting the hail rates for the Municipal Districts of Alberta.

John Rodney, B.A., formerly of Macleod, who has been weed inspecting during the summer months in the High River district, passed through Macleod last week on his way East to Harvard University, Boston, Mass., where he will continue his studies at that institution. Before leaving Mr. Rodney superintended the harvesting of Government Experimental Grain plots in the High River district.

Harry Sutherland, who has been electrical superintendent and in charge of the Power Plant of the Town of Macleod for the past 4½ years, has just received an important appointment with the Canadian Utilities Company, and left on Monday morning for Drumheller to assume his new duties, at which center he expects to be located for a few months. This Company has very large interests in Alberta, and Mr. Sutherland's friends in Macleod are congratulating him on receiving such an appointment. Mrs. Sutherland and the family expect to remain in Macleod for a few months.

The Municipal Council of Bright, No. 69, held its regular monthly meeting on Saturday, Sept. 13, with all the Councilors present, viz: J. H. Evans, Reeve; Jas. Horner, Hugh McLean, Harry Bester, Tom Bailey, Peter Koole. Several cases of relief were dealt with and a considerable amount of routine business was gone through. The question of the tax sale on Friday, October 3rd was fully discussed, and the following committee was appointed to make a valuation of the lands offered for sale, and to fix the upset price that these lands will be sold for: Reeve Evans, Councillor Koole and Secretary-Treasurer H. W. Bright. The monthly accounts and the financial statement
